A Journey Through Time

1996-2002

Expedia.com debuts on web in 1996 as one of the first online travel agencies: Microsoft Expedia Travel Services. The journey to turn the screen around from the travel agent into the hands of the traveler begin

2003-2005

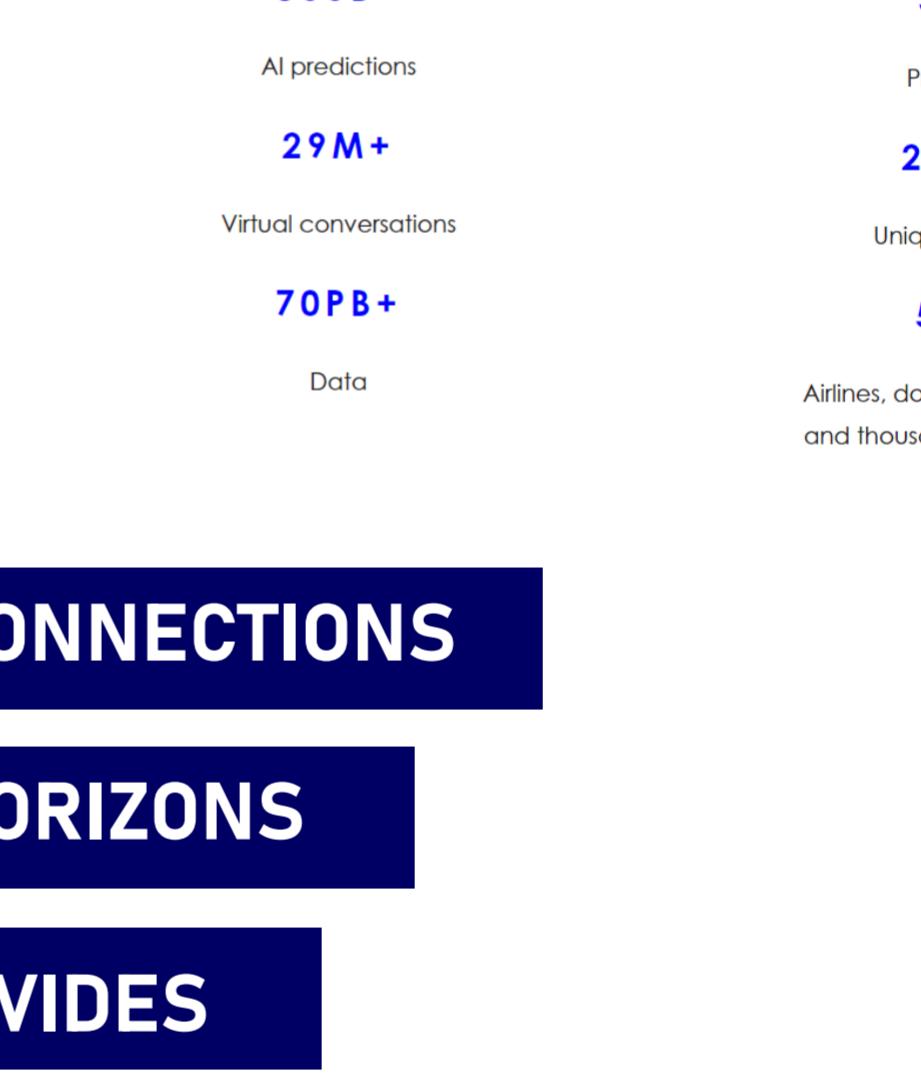

In 2003, IAC, Interactive Corp., a leading Internet and media company led by Barry Diller, invests in the travel space.

2006-2012

In 2005, IAC celebrates their travel businesses' success by creating and spinning off one public company, Expedia, Inc. During these early years Expedia, Inc. begins to grow its portfolio and presence. After the successful IPO, the company is added to the S&P 500.

2013-2020

Since established, the company builds its breadth and depth at a rapid pace. In 2018, Expedia, Inc becomes Expedia Group – recognizing the 20+ year journey to a vast two sided platform, home to a multitude of travel brands and technology solutions.
